

AGENCY FINANCIAL REPORT FISCAL YEAR 2007

FOREWORD

For FY 2007 reporting, the SBA is participating in an OMB sponsored “pilot” program that splits performance reporting into three sections – an Agency Financial Report (AFR), a Highlights report, and an Annual Performance Report (APR). The purpose is to offer an enhanced presentation of financial and performance information that is more meaningful and transparent to the public and SBA’s constituents. This FY 2007 AFR primarily includes the financial statements and related notes, and major management challenges. Only high level, summary performance information is presented in this document. Detailed performance information will be included in the APR, and transmitted with the Congressional Budget Justification.

The APR and Highlights documents will be available no later than February 4, 2008 on <http://www.sba.gov/aboutsba/budgetsplans/index.html>, or by writing or calling the contacts below.

Information about SBA’s programs is available at:

www.sba.gov

SBA’s plans and reports are available at:
