## **SBA Offers Disaster Assistance to Texas Residents and Businesses Affected by Live Oak County Wildfire**

**Sacramento, CA** – Administrator Karen G. Mills of the U. S. Small Business Administration (SBA) today announced that low-interest disaster loans are now available to residents and business owners affected by the wildfire that occurred April 2 in Live Oak County. SBA acted under its own authority to declare a disaster in response to Governor Rick Perry’s April 7, 2009 request.

The disaster declaration makes SBA assistance available in the Texas counties of **Atascosa, Bee, Duval, Jim Wells, Karnes, Live Oak, McMullen and San Patricio.**

“The U.S. Small Business Administration is strongly committed to providing the most effective and customer-focused response possible to assist Texas residents and businesses with federal disaster loans,” said Mills. “Getting our businesses and communities up and running after a disaster is our highest priority at SBA.”

“Low-interest Federal disaster loans are available to homeowners, renters, businesses of all sizes and private, non-profit organizations whose property was damaged or destroyed by the disaster,” said Pamela Sapia, SBA’s San Antonio District Director. “Beginning Monday, April 13 at 1 pm, SBA customer service representatives will be on hand at the following Disaster Loan Outreach Center to issue loan applications, answer questions about SBA’s disaster loan program, explain the application process and help each individual complete their application,” Sapia continued. The center will be open on the days and times indicated. No appointment is necessary.
