**Doing Business with the Government
A Free Half-Day Workshop coming to a location near you!**

Confused about how Government Procurement Works? (Who isn't?) This workshop provides an excellent introduction & overview.

Do you provide transportation-related services in construction or consulting? You'll get an overview on bidding on ITD highway construction projects and submitting proposals for ITD professional agreements. You'll also hear about the **USDOT's Disadvantaged Business Enterprise (DBE) Program**. This program is designed to foster equal opportunity for **minority, female and disadvantaged business owners** on federal-aid transportation projects. Learn how to become certified as a DBE, and what kind of valuable benefits they can enjoy through DBE Supportive Services.

Can you provide other kinds of goods and services to state and federal government? You'll learn from the **U.S. Small Business Administration** about its **8(a) and HUBZone Programs**, as well as the crucial step of signing up on the Central Contractor Registration (CCR).

Find out about the many other services and programs that are available to you through the **Idaho Business Network**, dedicated to helping Idaho businesses win federal contracts. The **Idaho State Division of Purchasing, Mountain Home Air Force Base and the U.S. Department of Veterans Affairs** (Mountain Home only) will discuss their procurement opportunities, as well.

This half-day workshop packs in a lot of information! This is a valuable opportunity to learn and network — don't miss it!

Send registration to: **DBE Supportive Services**
