Changes Regarding Express Application Forms

The express application forms have been updated on the SBA banking website and are now universal for all three express programs – SBAExpress, Community Express and Patriot Express. These new forms can be located under the SBAExpress section only. The Community Express and Patriot Express sections have not been updated at this point in time.

In addition, the SBA Form 2237 (Revised 6/08) which is used for servicing requests and amendments has been updated as well and this new form is located in the “Forms” section and not in the SBAExpress section.

Please note that these new documents require the installation of Adobe 9 in order to download and print them out. The Nebraska District Office has been receiving many calls from our lenders regarding this issue. Should you have questions or concerns please do not hesitate to contact us.
