SBA’s Deadline to Apply for Physical Damage Disaster Loans Is December 29; Saint John and Water Island Added

ATLANTA – The U.S. Small Business Administration reminds certain Private, Non-Profit Organizations (PNPs) that do not provide critical services of a governmental nature of the deadline to submit disaster loan applications for damages caused by Hurricane Omar that occurred from October 14, through October 16, 2008. The deadline to file an application for physical damage is **December 29, 2008**. The SBA also announces that Saint John and Water Island have been added to the declaration.

PNPs located on the islands of Saint Croix, Saint John, Saint Thomas and Water Island in the Virgin Islands are eligible to apply for both Physical and Economic Injury Disaster Loans from the SBA.

Examples of eligible non-critical PNP organizations include, but are not limited to, food kitchens, homeless shelters, museums, libraries, community centers, schools and colleges.

PNP organizations may borrow up to \$2 million to repair or replace damaged or destroyed real estate, machinery and equipment, inventory and other business assets. The SBA also provides mitigation funds to disaster victims up to 20 percent of the verified physical damage. These funds are designed to help borrowers pay for protective measures to minimize damages of the same kind in the future.

For most PNP organizations of all sizes, the SBA offers Economic Injury Disaster Loans to help meet working capital needs, such as ongoing operating expenses. Economic Injury Disaster Loan assistance is available regardless of whether the business suffered any physical property damage.

Interest rates are as low as 4 percent with terms up to 30 years. Loan amounts and terms are set by the SBA and are based upon each applicant’s financial condition.

“PNP organizations are urged to contact their Island Emergency Managers to obtain information about local briefings. At the meeting, PNP representatives will provide information about their organization,” said Frank Skaggs, Director of SBA Field Operations Center East.

This information will be used to submit a “Request for Public Assistance” which FEMA uses to determine if the PNP provides an essential governmental service and meets the definition of a “critical facility.” Based upon that conclusion, FEMA will either refer the PNP to SBA for disaster loan assistance or possibly provide a “Public Assistance” reimbursement grant for eligible costs.
