**Wyoming** – So you think you want to start a business, are you sure you're ready? There are many questions you must answer first before taking any action and the Small Business Administration (SBA) can help you, give us a call.

Some questions to ask yourself might be:

- Are you a self starter?
- How well do you get along with different personalities?
- How good are you at making decisions?
- Do you have the physical and emotional stamina to run a business?
- How well do you plan and organize?
- Is your drive strong enough?
- How will the business affect your family?

On the plus side:

- You will be your own boss;
- Hard work and long hours directly benefit you, rather than increasing profits for someone else;
- Earning and growth potential are far greater;
- A new venture is as exciting as it is risky;
- Running a business provides endless challenge and opportunities for learning.
